

## Financial Investment Services in Tampa from Suncoast Equity Management

Suncoast Equity Management, Inc. provides financial investment services in Tampa, Florida. We are an investment advisor registered with the U.S. Securities and Exchange Commission (SEC).

As defined by the SEC, our [financial investment services](#) are based on giving guidance to clients about investing in stocks. Our services are quite different from those of financial planners. Financial planners typically examine every facet of your finances and suggest a broad-ranging plan about your investments, insurance, taxes, estate planning, etc.

While financial planners may offer some investment advice, financial planners usually do not perform financial investment services at the same level as Suncoast Equity Management. We are intently focused on studying and selecting a concentrated group of high quality stocks which are poised to perform well over the long term because of certain characteristics.

Situated in Tampa, Florida, we invite you to learn more about Suncoast Equity Management's financial investment services. You are welcome to begin by asking us the list of questions recommended by the SEC for all investment advisors:

- What experience do you have, especially with clients like me?
- What licenses do you hold?
- Are you registered with the SEC? Will you send me a copy of your registration forms?
- What financial investment services and products do you offer?
- What products can you recommend to me, and why?
- How are you paid for your services?

In addition to asking us questions about our financial investment services, we also encourage you to meet us personally at our Tampa, Florida office. It is important for you to feel comfortable with your registered investment advisor, and a face-to-face meeting will help you get a better understanding of our staff, our products, and our commitment to your financial goals.

During the first 10 years of our firm, our financial investment services achieved our goal of preserving capital and making it grow.
